“IUNETWORKS” LLC

Membership date: 02/04/2019

In 2008 a decision to automate local tax ecosystem using digital technologies was made; thus, the story of IUnetworks began. A team of 10-15 young enthusiasts accepted the challenge to “create the impossible” and to change the whole tax ecosystem of the RA. The initial project was implemented in 2009, and in 2010 the Armenian tax system, in the face of the State Revenue Committee, became a full member of the Intra-European Organization of Tax Administrations (IOTA). Automated VAT Refund System, Electronic Tax Filing, e-Invoicing, Electronic Cash Register Machines Management System, and Risk-Based Selection System; all these components merged into one complete B2G product – TaxPayer 3.0. Alongside, IUnetworks also started to develop efficient enterprise-level solutions aimed to enhance business productivity, reduce costs, and improve customer experience. Today IUnetworks has about 230 employees and is recognized as the market leader in providing e-Gov and Enterprise solutions.

“TEL-CELL” CJSC

Membership date: 07/02/2019

On August 4, 2007, "Telcell" CJSC founded a new business direction in Armenia: the first network of payment acceptance through self-service terminals was formed. Today, Telcell is the largest system in Armenian market of instant payments, which covers the capital city and all the regions of Armenia. Telcell's processing center is serving also in the territory of the Republic of Artsakh. "Telcell" is the first company in Armenia, which created an alternative system of receiving utility bills. Currently, through the terminals of the company, payments are made in favor of about 300 operators of communication and providers of other various services. In 2017 Telcell launched its mobile application, which became the fastest developing e-wallet in the market - Telcell Wallet. It provides easy usage of the wallet with orienting interface, instant payments for around 400 different services, high-speed payments for purchases using Scan and Pay technology, Money transfers in real time mode to all banking Cards of ArCa system.

“THERMOREX” CJSC

Membership date: 23/12/2019

Thermorex is a privately held company established in 1987. For over 25 years they are developing and manufacturing bimetallic thermostats and temperature limiters and successfully supplying them to businesses worldwide. Thermorex started with the production of one type thermostat but its intention of constant development and improvement gradually brought it to the position of a highly effective and efficient world-class manufacturer with a range of serially produced devices that are available in a variety of configurations. At the foundations of the business are highly reliable production quality, the team of professionals and total customer satisfaction. The company's business approach is to meet the specific requirements of customers and it takes pride in its innovative achievements and customizations.

“UNITRANS” LLC

Membership date: 08/02/2018

UNITRANS Ltd. international transporting company operates since 1995 and is one of the first Armenian freight-forwarding companies. The company's goal is to provide customers with high level services and low prices. This approach, combined with the principles of business ethics and integrity, allowed the company to develop itself in the field of transportation and become one of the best transportation companies in that field. Since 2000 UNITRANS has been the exclusive agent of DHL Danzas Air & Ocean (now DHL Global Forwarding) company in Armenia. In February 2005 UNITRANS was the first transporting company in Armenia to be awarded the ISO 9001:2000 Certificate by SGS. UNITRANS handles cargoes internationally by air, ocean and land transportation and is known for its established services of weekly consolidations from Europe and Asia. One of the main advantages of the company is the full package of “door-to-door” transportation service including packing, insurance, customs clearance, warehousing, and loading/unloading.
